The bill granting to women the right to vote in municipal elections was defeated in Michigan.

The drink bill of this country is \$700,000,000 a year, but our tobacco bill is only \$255,500,000 and we have \$110,000,000 left for schools.

The British Government's receipts for 1880-81 show an increase of nearly \$6,000,000, which is more proof of the return of better times in the United Kingdom than any property of the United States has actually found a business revival in England.

The New York tribunes says that the money spent upon the armor belted English cruisers has been simply thrown away, and that all of them draw so much water that their armor beltings is of no use. The Ajax, which cost \$2,000,000 a few years ago, has been declared unfit for sea service, and so with many others on the lists.

To give an opening to the spirit of adventure and scientific research which has been cut off from the North Pole, it is proposed to dig a great big hole right straight into the earth, and run it down as far as the weather will permit, just to see what is at the bottom. A joint stock company has been organized for this purpose, and possibly, results may prove of importance.

New Orleans papers are filled with accounts of the unveiling of the statue of Gen. Albert Sidney Johnston, who fell at Shiloh. He was a most thorough gentleman and a man of the highest personal character, but his great military reputation seems to have sprung up without great exploits to base it upon. Gen. Johnston was killed in his first battle, and had no chance of showing what he could do.

The year 1880 is somewhat noteworthy in the chronology of religion in America as during it the most numerous Protestant church in this country, the Methodist, crossed the line of a membership of 2,000,000. Its net gain for the year was a round 100,000. During the twelve months there were 98,000 adult baptisms, and 47,800 infant baptisms. The sect has now 20,263 churches, supplied by 24,800 pastors, and its property is worth nearly \$90,000,000.

There has been a remarkable falling off in the number of callers at the executive departments in Washington. An official of the interior department remarked: The withdrawal of railroad passes has pretty effectively stopped the coming of delegations and individuals urging appointments. Before the interstate law went into effect not a day passed that we did not have delegations and individuals here for one purpose or another, but now since free passes have been canceled we do not have many such callers.

The Supreme Court of Pennsylvania has recently decided that no assignment of wages can be valid in that State. The case was that of an employee of the Lehigh Valley Railroad who had assigned his time for a month to a workman, and then demanded his pay of the railroad as usual, the company having already delivered his wages to the merchant. The lower court held that the agreement was only for services to be rendered had no existence at the time of assignment, and could not, therefore, be transferred like property, and this position was sustained by the highest tribunal of the State.

In accordance with the wish of his Holiness, Pope Leo XII, a letter, bearing the signatures of Cardinal Simeoni and the deceased Cardinal Jacobini, has been forwarded to all the Archbishops and Bishops of the United States, expressive of the interest manifested by the Supreme Pontiff in the erection of the proposed memorial church to St. Patrick at Rome, which is intended to be a splendid and lasting testimonial of Irish-Catholic faith. The cardinal desires that the prelates exhort their flocks to generously contribute toward this worthy work. It is not addressed to the Bishops as a body, but to each one in particular.

English cattle ranges in the West were expected by the fearful five years ago to monopolize the trade, but they are passing through the inevitable reaction which weeds out of every new industry the enterprises which lack the advantage of personal supervision. The London Statist gives the reports of nine cattle companies, of which seven paid dividends in 1884, six in 1885 and two in 1886. The sales of 77,000 cattle in 1885 these companies fell to 50,000 in 1886, and the fall in the average price per head was nearly in proportion. In short, the bottom has fallen out of the business as far as these particular companies are concerned, and the complaint seems to be general in the case of these English companies.

Commissioner Tyler of Connecticut has just done a public service by pointing out the commissions paid on current business to agents. Every one knows these are large, but few realize that one dollar in six paid for insurance goes to the agent and that in many companies one-fourth is paid out in commissions. On the aggregate fire premium income of the companies reporting in Connecticut amounting to \$82,000,000, \$14,500,000, or 17.75 per cent., goes to agents. For stockholders in insurance companies these figures raise a practical question of importance in a business which profits for sometimes had a hard fight with increasing expenses. But it is quite as serious a matter for the public to inquire whether this way of doing business does not encourage over-insurance and so pile up the "moral hazard," the deadliest and most demoralizing of all fire causes. If insurance is not more difficult, would not fire be less frequent? They unquestionably are under the French plan, which makes a man responsible for his neighbors' losses for a fire originating on his premises unless he can prove no negligence.

GENERAL NEWS NOTES.

Wisconsin Monuments at Gettysburg.

Acting under a law enacted by the late legislature, Gov. Rosak has appointed the following officers to erect monuments to the monuments and to the contract for the same to be erected on the Gettysburg battlefield, in the name of the Wisconsin people, participating in that battle, and also to the soldiers who fought there.

The Wisconsin monument, designed by Lucius Fairchild, Madison; Martin L. Gorman, Racine; G. M. Woodward, La Crosse; Third Regiment, H. J. Hunt, Green Bay; 4th, J. H. Marshall, Appleton; Seventh, P. Pond, Westfield; H. Richardson, Chippewa Falls; M. C. Hobart, Fall River; Twentieth, F. S. Webster, Madison; C. W. Baker, Soldiers Grove.

The commissioners will meet at the Grand Hotel, Chicago, May 2, and leave for Gettysburg at 5.15 p. m. that day over the Pennsylvania Central. They will have under their command an appropriation of \$1,500 to the Gettysburg Battlefield Monument Association, which opened in 1881, and which had on the battlefield, including stones to mark the dead, and for which repairs thereon, and also gives \$1,000 for a monument for each of those regiments.

Too Much for the Marquis.

New York Special.—The big advertisement of the National Meat Consumers Association, which has been running in the public gaze, and the few people who were persuaded to invest in the increase of \$10 a share in the company have all got their money back. The Marquis de Mores could not be found, and none of his solicitors in New York could be found, and the information whatever. From other sources it was learned that the money subscribed for the Marquis de Mores was not a success, but so far, it is said, without meeting with success. The Marquis de Mores understood that he is considering a co-operative plan based upon the principle of the stores which have provided for the sale of goods. The wholesalers and retailers of this city all try to get the Marquis de Mores to make the scheme of the Marquis de Mores.

The Great Bridge at Cairo.

Washington Special.—The secretary of war has accepted the plan for the construction of the great bridge across the Ohio River at Cairo. It will be an iron bridge, 1,500 feet long, and will be one of the longest bridges in the world. The bridge will be a cantilever bridge, and will be a great work of engineering. The bridge will be a great work of engineering.

Mr. Powderly to the Knights.

In a long letter published in Philadelphia, Mr. Powderly, the leader of the Knights of Labor, has written to the Knights of Labor not to go away from home to get "issues" to advocate. They should stay at home and work for the improvement of the human family. He said that the Knights of Labor should not go away from home to get "issues" to advocate. worth your time and money.

It is claimed that the surveyors on the
line of railroad from Millaca to this
city will be here in nine days.

A. H. Narrow returned to Brainerd
Tuesday. He will be required to ap-
pear at the June term of court for trial.

The Mississippi river above Aitkin is
now clear, the first boat having left
that place for Grand Rapids yesterday.

J. H. Koop has been appointed as a
member of the examining board for the
Second ward in the place of O. H. Hub-
bard.

Geo. Phillips, of St. Cloud, has rented
the Norwood House, and taken posses-
sion. Mr. Phillips is a brother-in-law
of John Cochran's.

E. M. Bhilmer, a former Brainerder,
but who for some time has been at
Butte City in the employ of the N. P.
company, has gone to Chicago.

Miss McWilliams, the primary teacher
in the Second ward, has resigned her
position and Miss Nettie Vose has been
engaged to fill the unexpired term.

Michael Connelly, a river driver, was
drowned at Aitkin Sunday. The body
remains were brought to this city and
prepared for burial and shipped to Mor-
ris.

Dr. Stanley, of this city, is interested
in an iron mine at Knapp, Wis., and
thinks seriously of moving to St. Paul so
that he will be near the property. A
shaft is being sunk and great wealth is
looked for.

The Y. M. C. A. have rented rooms in
the bank building until such time as
they deem it expedient to erect a building
for themselves. A free reading room
will be opened as soon as practicable.
Nearly \$800 has already been subscribed
to the building fund.

The ladies of the Second Congrega-
tional church will give a social at Mrs.

Wednesday evening, April 27. The
lady or gentlemen who can cut supper
without leaving gets a prize. Every-
body is invited.

John De Gregg, of Brainerd, one of
the real estate Wholesale dealers, was
down here the last part of the week to
buy some land in that city from a Little
Falls holder. He says that he bought it
so cheap that he made a year's wages out
of the deal. He further stated that our
Little Falls people have had a false idea
of the price of dirt in the City of the Pines.

A "free for all" was indulged in at
McBerg's saloon on Laurel street Satur-
day night at which time Henry Holm
was badly hammered up with a beer
mallet. The police interfered and the
drunken mob undertook to do the offi-
cers of the law up. As a consequence
four of the ring leaders paid \$12.40 into
the city treasury Monday morning.

The DISPATCH stated something last
week about the Scandinavian saloon
keepers being opposed to F. G. Sund-
berg, and we are requested to correct
the statement for it is claimed that there
are no Scandinavians in the saloon busi-
ness here. C. McBerg being a Finlander
and the Wilson saloon is the property of
Mr. Wilson's wife who is also a Finland-
er.

A long, thin looking individual carry-
ing a five year old boy got off the train
Wednesday and rushed up to Judge
Fleming who was stroking his silky
mustache and basking in the sun on the
street corner. The l. t. i. informed him
that he was in trouble and wanted to
get to Wadena to see his grandmother
but lacked funds and begged the dispen-
ser of the law to give him three dollars.
The thought that the man might stop
for untold agony should he be kept
away from his relatives longer evidently
worked upon the judge for he went
down into his pocket and produced the
wherewith and the man went on his way
rejoicing.

The lumbermen are greatly interested
by the condition of the Mississippi af-
fected by the Water Power and Boom
company's dam, now building, says the
Brainerd correspondent of the Pioneer
Press, and yesterday and to-day an in-
spection was made by S. W. Farolan,
representing Minneapolis interests, and
others. They found somewhat of an ob-
struction, and to-day the men increased,
the logs being mainly J. J. Howe & Co.'s.
However, in was broken this evening,
with no damage to the works, but they
have been severely tested the past week.
The lumbermen agree that there is noth-
ing to fear from the dam. The front of
the great dam drives reached below the
mouth of Pine river with no mishap, but
then, gorged, and two million logs are
packed fast, completely shutting the
channel. This point is twenty-two
miles above the dam, and that jam
seems likely to hold until the water rises
very much. No drives in the tributaries
are yet started, and cannot move until
heavy rains come.

The Band Concert.

The concert given by the Brainerd
city band at the opera house Wednesday
evening was a success for beyond the
expectations of the most sanguine. It
was one of the most delightful and
pleasing entertainments that was ever
listened to by a Brainerd audience.
Prof. Dresskell and the excellent band
are deserving of much praise, and the
people of this city are justly proud of
them. It would be impossible for us to
give a criticism on each and every in-
dividual that took part in the entertain-
ment—every piece of music rendered
both vocal and instrumental was of the
best. The opera house was crowded,
and the band boys wear a smile of sat-
isfaction over their success.

Defective Titles.

Considerable excitement prevails in
certain quarters in East Brainerd over a
recent discovery of a very serious defect
in the title to about 280 acres of land in
that part of the city, now of immense
value. It is stated that every addition
in East Brainerd, except Farrar & For-
syth's is affected, and strictly according
to the record none of the titles are good.
These lands were all conveyed by the
Lake Superior and Puget Sound Land
company years ago by warranty deeds,
so that company would necessarily have
to protect its purchasers. In view of
the fact G. S. Fernald, attorney for the
company, yesterday commenced an ac-
tion to perfect the title. Mr. Fernald
claims that the defect is merely a tech-
nical one, although serious if not prop-
erly straightened out. As this affects such
large interests the result will be awaited
with considerable interest and anxiety
by those interested.

The Odd-Fellows' Entertainment.

The arrangements for the celebration to
be given by the Brainerd Odd-Fellows
at their hall next Tuesday evening have
all been completed and a very enjoyable
occasion is anticipated. Supper will be
served at the hall by well known cater-
ers at 12 o'clock, after which a social
hour will be indulged in. No parties oth-
er than Odd-Fellows, their wives and ladies
will be admitted, and the DISPATCH is re-
quested to make the statement as an er-
roneous idea seems to prevail that par-
ties accompanying members of the order
will be welcome. This is not the case
as lack of room and accommodations
will make it necessary to exclude all ex-
cept members of the three-link lodges
and whatever ladies they see fit to bring
with them. A talk on Odd-Fellowship
will be given by G. S. Fernald, and the
orchestra will favor the audience, be-
sides there will be several selections by
local singers of note, and a speech will
be made by local talent. Little Falls
lodge has been invited and it is expected
that several of the Brainerd brothers
now at Como shops will be in attendance
to help enjoy the occasion.

Married.

WILLIS-KENNEDY—By the Rev. Father
Watry, at the Catholic Church, was mar-
ried April 20, 1887, Mr. James Willis
and Miss Lizzie Kennedy, all of
Brainerd.

Mr. Willis is a deservedly popular
young man and has resided in Brainerd
some years, being an N. P. employe.
The bride has resided here about a year.
Many elegant wedding presents were
received. The couple are house-keeping
at 34 Tenth street north.

FOX-FRENCH—At the residence of the
bride's parents, Thursday evening,
April 21st, 1887, by the Rev. E. J.
Harris, Mr. William Fox and Miss
Hattie French.

The bride and groom are well known
to many of our readers, the former being
a daughter of Mrs. E. R. French. Mr.
Fox was for some time in the employ
of the N. P. company, but is now a freight
conductor on the Manitoba road, run-
ning between Wilmar and Minneapolis.
A few of the nearest friends of the fam-
ily assembled to witness the ceremony
and remained until the couple departed
on the mid-night train for their new
home. The best wishes of many friends
go with them.

B. of L. P. Ball.

The sixth annual ball of Pine City
Lodge No. 81, Brotherhood of Locomo-
tive Firemen, took place at the roller
rink last evening, and like all former oc-
casions of the kind, it was a success.
The rink was beautifully decorated with
evergreens and emblems of the order,
and was illuminated with headlights and
red lanterns making a very pretty con-
trast. Nearly 300 tickets were sold and
the capacity of the amusement rink was
taxed to the utmost. Dresskell's or-

Municipal Court Doings.

Monday morning Henry Holm, Henry
Holm, Martin Wicklund and Louis
Larson were brought before the court on
charge of disorderly conduct and being
engaged in a disturbance in McBerg's sal-
oon. They were fined \$12.40 each in-
cluding the costs.

Jack McElroy, on charge of being con-
nected with a saloon row Monday, paid
\$7.40 into the city treasury.

John Wilkinson was too hilarious and
he also donated \$7.40 on Tuesday morn-
ing.

Thos. Brady, for being drunk and dis-
orderly is serving out a five days sen-
tence in the city jail.

John Foster, for being notoriously
drunk was consigned to the bastille for a
period of five days.

John Shendron, Frank Smith, and
Martin Conroy were arrested for disor-
derly conduct Tuesday night. Being
out of funds and promising to leave for
the drives above, they were discharged.

James Wayland donated \$7.40 Thurs-
day morning.

A Pleading Entertainment.

Garry Hopper's dramatic and comedy
company will occupy the opera house
next Monday and Tuesday evenings.
The Boston Globe speaking of this com-
pany says:

An agreeable surprise awaited the pa-
trons of the Howard last evening, being
the initial performance of Hopper's "One
Man Among a Million." The house
was fairly well filled and the audience
delighted. Mr. Hopper was compara-
tively unknown to the Boston public,
but last night springing an agreeable and
lasting acquaintance with our people.
In ten distinct characters, his changes
in the face of the audience, we cannot
describe. We can only say if you miss
"One Man Among a Million," you will
miss the best entertainment Manager
Robertson has given us this season.

The Council Vote Bonds.

The regular meeting of the city council
was held Monday evening, a full
attendance being present with the ex-
ception of Ald. Fleming. The minutes
of the last meeting were read and ap-
proved. The municipal clerk rendered
his report for the month of March which
showed fines collected to the amount of
\$312.45, and it was referred to the city
attorney. Bills were allowed as follows:
Tribune, to April.....\$32.38
G. W. Balaun, numbers for drays.....2.50
Peter Keeling, hauling hose cart.....1.00
Only one bid for the city printing was
received and the council referred it to
the city attorney instead of awarding
the contract. The council received a
petition asking that a street be opened
and maintained on the west side of the
railroad grounds from Hartley street in
Sleeper's addition to the east end of the
ravine bridge in East Brainerd. This
matter was also referred to the city
attorney without action. The council
some two years ago agreed to vacate 20
feet off the north side of Bull avenue
from Taylor's addition south for a con-
sideration of \$500, L. P. White tender-
ing the money, and on motion of Ald.
Gardner, seconded by Ald. Doran, the
president signed a receipt for the money.
Applications for license from the follow-
ing men were approved and licenses
ordered issued as soon as their bonds are
filed and approved:

John S. Fry, Frank Gray, Geo. Gar-
ner, Chas. Moberg, J. Root & Co.,
Jerome Kelleher, Jas. Bubar, Michael
McCabe, C. H. Douglas, Thos. Carey,
C. W. Brown, Frost & Kellehan, Con.
O'Brien, Soli Wilson, M. E. McCabe,
and George Keough. The application
of M. Cullen was referred for correction
as to location.

Dr. Camp, president of the board of
health, tendered his resignation and Dr.
Courtney was appointed in his place, and
Dr. Roberts was appointed health officer
from the first ward to fill the
vacancy. The clerk was notified to ask
the railroad company to fix the Sixth and
Seventh streets crossings of the mill
track. The council took up the matter
of building a new fence around Gregory
park and it was referred to S. W.
Scarles, chairman of committee on side-
walks and bridges. The street commis-
sioner was notified to begin active op-
erations at once.

The matter of constructing sewers
was taken up and the following resolu-
tion was adopted:

RESOLVED, That the bonds of the City
of Brainerd be issued to the amount of
\$15,000 for the purpose of raising funds
for building, construction and establish-
ing a system of city sewers in the
